

You know the songs “On Broadway”, “Under the Boardwalk”, “Save the Last Dance for Me”, “Up On the Roof”, “This Magic Moment”, “There Goes My Baby”, and many more.

The songs are etched into the memories of music fans worldwide and helped form part of the foundation of contemporary popular music.

The show is high energy and visually entertaining, mixing the classic repertoire that fans have come to know and love along with hits from the 1960s 1970s & 1980s.

“From 1966 To 1970, Rick Sheppard recorded as a Drifter and in fact Rick is the Last Living Member of That 1960’s Group who recorded on The Atlantic Records Corporation Label.”

Rick Sheppard is an integral part of this hit-making machine.

He has been there for more than 45 years. Rick joined The Drifters in 1966 as a singer and recorded with the group on Atlantic Records through the early 1970s. During that time, he toured with The Drifters throughout the world and shared stages with some of the greatest names in music and show business. You can look it up in books and anthologies chronicling The Drifter’s history. Rick Sheppard is prominently featured among the many singers.

RICK SHEPPARD’S DRIFTER’S

In the late 1960s, George Treadwell, the manager of The Drifters, sought a replacement for the late lead singer Rudy Lewis. Persuaded by songwriter Rose McCoy and Bert Burns, Treadwell reached out to Rick Sheppard in 1966.

Initially, Rick thought it was a prank and hung up. After McCoy confirmed the legitimacy of the call, Treadwell reassured Rick, leading to his acceptance of the role as the new lead singer of The Drifters and the rest is as they say is Rock’ n’ Roll History!
